TE=Transportation Enhancements
STP-D=Surface Transportation Program - Discretionary (state program using federal TE & other federal funding categories)
STP-D was unfunded from 2003-2007, then removed from state statutes in 2007 and replaced with revived BPFP
BPFP=Bicycle Pedestrian Facilities Program - state program only in effect thru SFY 1995,
primarily used for bike/ped planning activities, being revived for SFY 2009
Above programs collectively known under Statewide Multi-modal Improvement Program (SMIP)
State Enhancements - a program used to augment state highway projects with TE eligible activities from 1999-2002
STP-D(TE) indicates project funding approved as STP-D but later switched to TE funding
CMAQ=Congestion Mitigation & Air Quality
SRTS=Safe Routes to School. New federal SAFETEA-LU program funded at 100% federal
*indicates STP-D project not on NTEC list because non federal TE funds used on project
Sheboygan Non-motorized Transportation Pilot Program (NTPP) projects not included above
